### **STORAGE LOCKER – NEW and RETROFIT**

#### **CONVERT UNUSED BUILDING SPACE INTO SALEABLE TENANT STORAGE LOCKERS!**

Wilkinson Hi-Rise offers a tenant storage locker system capable of converting any interior space into SALEABLE storage space for residents in multifamily dwellings and high rise condominiums.

We will customize the dimensions of the locker system to any layout. Typical locker size is 4' x 4' with 4' wide door section. Residents provide their own locks. Send us your layout today!

#### **BEFORE**

#### **AFTER**

The pictures above show a locker installation in a small vestibule space where access to the new locker will be through an existing hollow metal door.
